Make a note of the user name and password, you'll need them for the Metered License Agent (MLA) installation.

Once you've completed the user signup, you will receive an email with the subject line: **PipelineFX metered license server: New user acc ount activation.** You must click on the link in that email to activate your user account.

# Once your user account has been activated, you'll have the option to "Create a company account" or "Join an existing Company account".

During the initial setup, you'll want to Create a new Billing account.
